

Angels of East Africa religious beliefs

We're Non-denominational and believe in the Trinity (Father, Son, & Holy Spirit). We believe Jesus Christ is the Son of God, born of the Virgin Mary, crucified on the cross for our sake, and on the third day he rose. We believe there is only one way to the Father and that is through His son, Jesus Christ. We believe the way to heaven is by asking Jesus to forgive you of your sins, and to ask him to come into your heart.

Angels of East Africa Mission Statement:

Our mission is two words: *World Missions*. This means we will go anywhere in the world to save a life, as long as we have the funds to make it possible.

Mission: Your trip with a purpose.

Pastor Sam Childers is the Founder and President of Angels of East Africa. Childers believes that everyone should go on a mission trip because it changes you forever. This has been true in his life.

Since Sam first went to Sudan in 1998, he hasn't been the same! On his trip there he stumbled across the body of a child torn apart from a landmine. At that moment, he fell to his knees and made a pledge to God to do whatever it takes to help the people of South Sudan.

Going on a mission trip allows you to see, hear, touch, taste, and smell first hand. You are no longer away from the distant issues and concerns in our world, but rather "in" them.

It is our passion and pursuit here at AOEA to go anywhere God leads us to help save a life.

Are you willing?

Bringing hope and saving lives.

AOEA Welcomes YOU!

ONE MISSION TRIP CAN CHANGE YOUR LIFE FOREVER

We are happy you are interested in joining us on our upcoming mission trip. We have numerous projects going on and are currently expanding too. The trip locations may include Uganda, Sudan, and/ or Ethiopia. The determining factors for your trip destination will be due to the time of year you go, your team size, and our needs.

OUR PROJECTS

KAMPALA

This is the first stop on your mission trip. Your stay at our guest house here is anywhere from 2-3 nights, depending upon your arrival to Uganda. During your stay here there will be internet, TV, and the ladies will wash your clothes and cook your meals.

While in Kampala, you will also have the opportunity to work at Buziga Hill Primary School. The children there are always excited to have visitors come to teach, sing, tell stories, and more. AOEA has also started a feeding program at this school. When you come back from Sudan we stay another 2-3 nights here again. You may also be given a day to go visit the market and buy souvenirs.

GULU

Here we have another guest house. This is where we stop on our way in and out of Sudan. We bring many of our children to Gulu for medical treatment, and some of them are staying here for better schooling.

SUDAN

Depending on how long your trip is, you will spend about a week at our Children's Village orphanage in Nimule, Sudan. This is our main compound with about 200 people residing here. It is also a great time to enjoy getting to know most of our children! If you desire, we will give the opportunity for you to help us complete various projects as your team leader directs. Here we have a gardening project, a Tech School (to teach children various trades), a library, and a primary school we built that also educates children outside of our compound.

“We must become the change we want to see in the world.”
